Assignment Module 3.2: Normalized Tables

I created two different 3NF fields as I wasn't entirely sure how broken down to make the categories or if that was at my own creative liberty.

3NF

Publisher Table

publisher_name	publisher_ID	publisher_address	publisher_email

Book Table

book_name	book_price	book_isbn

Author Table

author_first_name	author_last_name	author_phone	author_email	author_address
